NOTES FOR THE CONDUCTOR

This medley has been written as an early work for the beginner Band. It is a sectional arrangement with no divisions within parts or sections i.e. no 1st. and 2nd. parts. Melody sheets in all pitches have been included to enable you to give the melody to any player to assist with managing missing players. only 1, 2, 3 or 4 beat notes. Alto and Tenor Saxes are in unison. The Eb Clarinet may play the bass line or, play from the Eb Horn part

The second song, Little Bells of Christmas, is in the form of a round which has the lyrics written onto the parts so you may introduce singing into your band if you desire.

Additional Parts

Some alternate parts have been included to cater for the different methods and syllabus used by different organizations and teachers, e.g. Glockenspiel and in particular, the Eb Bass Tuba which has difficulty with unison pitch methods at this level. There are parts to cover your teaching method and what suits you in your Band. You have the flexibility to make your own choices. There is an Eb horn part as well although it is not shown in the score and, is an alternative Eb Clarinet part.

The following teaching points are covered in this arrangement.

- ☺ Rhythm – Semibreve, Minims, Crotchets, Minims tied to Crotchets. Rests.
- ☺ Ensemble - harmony, solo/soli, tutti, whole bar and block rests.
- ☺ Percussion - Snare, Bass, Crash and suspended Cymbal, as individual instruments and/or on the Kit. Triangle, Tambourine, Hand Cymbals, suspended cymbal and wood block. Glockenspiel and/or Xylophone, Timpani or; roto or other toms if no toms,

Whilst parts are included for these percussion instruments, it is not essential that all are played - on the other hand it ensures that there is plenty to do if you have a large section. Performance on all four subsections of percussion is thus also available. Advanced Drum Kit percussionists should be encouraged to adlib to a tasteful level.

- ☺ Form - Intro, A, B (round), C, D.
- ☺ Counter melody – often the harmony line is also a counter melody as well.

Ranges and required notes

Concert pitch	A, Bb, C, D, Eb, F.
Bb instruments	B, C, D, E, F, G.
Eb woodwind	F#, G, A, B, C, D.
F horn	C, D, E, F, G. (the Note B is in the finger exercise for consistency reasons)
Eb Horn	B, C, D, E, F#, G.
Eb Bass	B, C, D, E F# G (for reasons of consistency with other basses, the Eb bass needs to include the note A which may be played in the optional octave)

The Bass Line

This is always a problem at this level. Even though there are Elec/Str. Bass, Eb and Bb Bass tuba parts you may not have one in your band. Thus the tenor instruments (except tenor sax) have been written in unison to also provide a bass line. To overcome the problems of the different pitches and the different teaching methods, the Bass Line has been printed in several pitches and clefs. At this level there is a very real difference between Bb Tenor, Eb Bass and Bb Bass Instruments, thus each has its separate part, especially the Eb Bass Tuba for which there is an alternative to cover different possible teaching ranges. To assist with flexibility, parts are printed in both the Clefs used by different teachers. It is not intended that all the parts are to be used - you have the flexibility to choose the one(s) that suit you in your Band

Thankyou to the members of Bayside Youth Band (Brisbane) & Queensland Services Heritage Band Association for their assistance in developing this work.
